

FERBRACHE  
LAW

October 11, 2018

**For Immediate Release**

**Congress Shall Make No Law (or law enforced action) Prohibiting Peaceful Assembly**

*“As a veteran of foreign wars, I have earned the right to peacefully assemble at a political rally and have my voice heard under the umbrella of protected free speech. My voice will not be suppressed during this important time when we can change the course of history with our vote” - Joshua Cameron, an American Combat Veteran.*

Josh Cameron makes the following statement through his attorney, Gregory N. Ferbrache:

Josh Cameron, a combat veteran, citizen of the State of Utah, and spokesperson for Our Voice USA was recently charged by Information with criminal trespass and disorderly conduct in spite of his lawful presence at the **‘Mia runs with Mitt’** rally on **August 24th, 2018**. Mr. Cameron lawfully obtained a ticket to attend the rally hosted by Mia Love at a venue located at Thanksgiving Point.

Upon providing his lawfully obtained ticket to attend the rally, Mr. Cameron was allowed to enter the venue. During the rally, Lt. Governor Spencer Cox said Mia Love indicated they are here to save babies. From the crowd, Mr. Cameron responded by yelling out to **“Abolish Ice”, “Save Babies From Cages” and “Reunite Families”**. The government now alleges that once Mr. Cameron exercised his free speech at a private venue held open to the public, his presence was considered unlawful by the political operatives hosting the rally. At their request, Mr. Cameron was cited for criminal trespass and disorderly conduct.

Mr. Cameron is now forced to assert his innocence in a court of law in accordance with the Constitution of the United States that he fought hard to protect. Mr. Cameron believes you have a right to know of these vital social interests served by the free dissemination of information about events having legal consequences and about legal proceedings themselves.

For this reason and until that time when Mr. Cameron’s voice can be heard, and his innocence asserted, Mr. Cameron asks each of you to stand as Americans in support of these inalienable rights, and that you vote now to elect governmental representatives who will ensure peaceful assembly, free speech, and an appreciation for those who have honorably served our County.

Mr. Cameron has demanded a trial that is now set for January 22, 2019 to face the criminal charges of criminal trespass and disorderly conduct as alleged by Lehi City. Mr. Cameron is to be presumed innocent until and unless convicted by a jury in a court of law.
